## FOX FIRE FLASHING ARROW LITE (FAL)

### 20 SUPER BRIGHT LEDS with LED MAGNIFIERS FLASH in DIRECTIONAL ARROW PATTERN

Great for directing traffic on any worksite or emergency situation

Available in RED or AMBER

# EASILY MARK THE END OF YOUR OVERHANG LOAD!

## LOGGER LITE (FLL and LLK)

FLL - FoxFire® Lites

LLK - SL Series Lites

Transporting after dark can make your overhang load almost invisible to approaching traffic. Various Federal, State, and Local Laws require a light or lantern be attached to the extreme end of the load after dark.

Designed to provide Log Truckers and Utility Companies with a convenient way to mark the end of their log and pole loads, the Logger Lite consists of a FoxFire or SL Series Lite, a galvanized metal mounting plate, and a custom T-handled tool. Quickly mount your choice of Lite to the end of your load for maximum safety and visibility.

**Mark your  
extended load  
quickly & easily!**

Available with  
FoxFire® or  
SL-Series Lite

When not in use,  
the Logger Lite Kit  
stays together and  
is easy to store.

**Quick Installation!  
Installs in seconds**

Logger lite securely  
attaches easily to any  
size log - no tools  
required!

Replacement T-Handle (T-HANDLE) and Mounting Plate (MMP) available for purchase separately

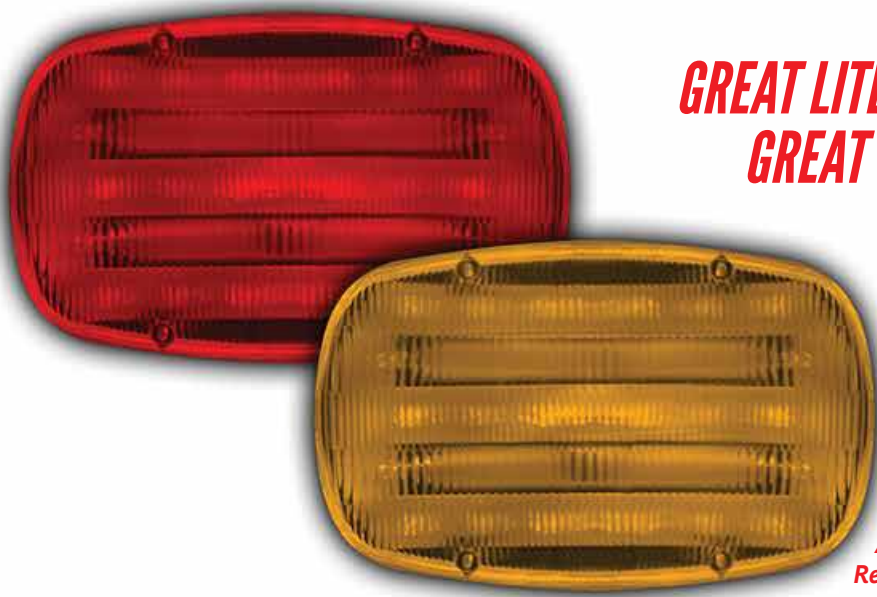

**WHICH LOG TRUCK  
WOULD YOU RATHER  
BE DRIVING?**

Use FoxFire Logger Lites to greatly  
enhance the visibility of your  
extended load for your safety and  
the safety of others on the road.

**USE A FOXFIRE LIGHT TO MAKE  
YOUR LOAD VISIBLE UP TO 1 MILE AWAY!**

**BE SURE YOUR OVERHANG LOAD  
CAN BE SEEN... IT'S THE LAW!**

**GREAT LITE for a GREAT PRICE!**

**FOX FIRE**  
PORTABLE SIGNAL  
**Lite**  
*be safe... be seen*

Available in  
Red or Amber

**PORTABLE SIGNAL LITE (SL SERIES)**

Our original lite, the Portable Signal Lite, is still the perfect replacement for chemical flares and for a multitude of emergency or cautionary signal applications. Some of its many uses include: utility work, emergency response, factory signals, agricultural functions, and disabled or distressed vehicles.

The SL-182 features a "fast flash" or "constant on" lite pattern. Equipped with magnetic backing (for static use) and self supporting stand.

Actual Size: 6.25" x 4" x 1.5"

**18 SUPER BRIGHT LEDs**

**MULTIPLE LITE PATTERNS**

**VISIBLE FOR OVER 1 MILE**

**MAGNETIC BACKING**

**BATTERY OPERATED**

**SELF SUPPORTING STAND**

**COMPLETELY PORTABLE**

**FLASHING ARROW BANNER**

**Lite**

*be safe... be seen*

**LED ARROW BANNER (FAB-O / FAB-B)**

Protect yourself and those around you with this simple to use Flashing Arrow Banner with 36 Super Bright LEDs. Direct traffic away from construction sites, emergency situations, or any other scenario where safety is a priority.

**36 SUPER BRIGHT RED LED'S**

**8 MAGNETS**

Embedded Around Perimeter for Easy Attachment

Comes with heavy duty carrying case and 8 suction cups -

Use to attach Banner Lite to aluminum, fiberglass, glass, and more!

Actual Size:  
32" x 18"

**BATTERY LIFE:**  
Minimum of 180 Hours  
3 "AA" batteries (not included)

**FOX FIRE**  
PERSONAL SAFETY  
**Lite**  
*be safe... be seen*

**SUPER BRIGHT LEDs  
LAST 100,000 HOURS!  
HI-VIS REFLECTIVE EDGE  
BANDING MATERIAL**

**NO Snaps  
NO Buttons  
Just Slap It On!**

**LIGHTED SAFETY BAND  
(LSB-O & LSB-G)**

Strap this highly reflective armband embedded with flashing LEDs to your arm for maximum visibility in low light situations. Ideal for outdoor workers and emergency personnel. Use grommet to hang Safety Band in rigid flattened state.

*Actual Size: 13.75" x 1.5" (flat). Includes replaceable Lithium Coin Cell battery.*

**HARD HAT SAFETY LITE KIT  
(EHHL)**

An essential for anyone working in a hard hat environment. Our patented design features a custom molded bracket and closed cell foam carrier developed specifically for use on materials with difficult adhesion characteristics such as hard hat polymers.

**PERSONAL SAFETY LITES (PSL-43)**

**4 SUPER BRIGHT LEDs  
LIGHTWEIGHT (1.6oz w/ Batteries)  
VISIBLE up to 1/2 MILE  
COMPLETELY PORTABLE**

Don't let their size fool you - these small Lites pack a lot of punch! Multiple LEDs housed in a lightweight casing provide maximum visibility for maximum wearer safety. Whether you need to make yourself visible during outdoor recreational or occupational activities, these Lites are an excellent way to ensure you are seen.

*Blue Lites sold strictly to  
Law Enforcement and  
Emergency Personnel*

*Includes armband and post  
mounting bracket.*

**STOP/SLOW SIGN KIT  
(TSLK-34)**

Paddle Signs for school crossing guards and Stop/Slow Signs for construction sites are essential tools in helping to control traffic. But early morning, dusk, and night-time applications require more than just a sign to draw attention. This kit is an easy retro-fit for your existing paddle signs.

*Both of these kits (EHHL & TSLK-34) utilize our powerful SL-34 Personal Safety Lite, which is also available as a standalone light. Available in Red, Amber, Green, and White.*

*TSLK-34 comes with (2) Lites:  
(1) Red and (1) Amber.*

*Actual size:  
2 3/8" x 1 3/8" x 1"*

**WWW.FOXFIRELITES.COM**

**ADJUSTABLE MAGNETIC BASE (AMB and AMB-2)**

*AMB - Works with SL Series Lites  
AMB-2 - Works with FoxFire® Lites*

Equipped with a strong magnet, this adjustable base adds considerable utility to the FoxFire® and SL Series Lites. With the AMB or AMB-2, any of our lites can be instantly attached to most any metal surface and easily adjusted to any angle within a 90° range. It requires no tools; the lite is attached to the base using a quick release interlock feature and can be removed from the base without disturbing its position.

**Lite Adjusts up to 90°**

*Attach any FoxFire® or SL Series Lite to your heavy equipment. Ideal for marking wide or oversized loads or adding visibility to vehicles, boats, or machinery.*

**CUP MAGNETS**

Though all of our FoxFire® and SL-Series Signal Lites are equipped with magnetic backs, they are designed for stationary use only. For times when your lights are attached to moving vehicles or heavy equipment in transport (or any application in which motion and heavy vibration are factors), our cup magnets will hold them securely in place.

*Available for FoxFire or SL-Series Lites. Lites sold separately*

**90lb CUP MAGNET (MAG90)**

**(2) 25lb CUP MAGNETS (MAG2-25)**

**SAFETY CONE BRACKET (SCB2)**

This simple device allows you to attach any Foxfire Lite to almost any safety cone. No tools required - takes just seconds to attach!

**FRONT or TOP PLACEMENT**

**Place Foxfire Under Cone to Illuminate Entire Cone!**

### COMMUTER TAIL LIGHT (FB-263)

Size does matter! Rider safety is of paramount importance, particularly during low light or no light conditions. The FoxFire Commuter is roughly 4 x 6 inches in size and produces an awesome burst of light, increasing rider visibility and safety.

### 16 VERTICAL POSITIONS

The included Back Plate and Seat Post Bracket can be configured to provide for 16 vertical positions for maximum visibility!

*Light Can Be Removed for Other Uses:  
Built-In Magnetic Pads or Self-Supporting Stand*

SPECIAL ORDER ONLY

### 5 LED TAIL LIGHT (SPL-56R)

**5 LEDs, 6 LIGHT PATTERNS**  
**VISIBLE up to 1/2 MILE**  
**QUICK-RELEASE SEATPOST MOUNT**

### 5 LED WIDE TAIL LIGHT (FWT-54)

**5 LEDs, 4 LIGHT PATTERNS**  
**WIDE ANGLE VISIBILITY**  
**QUICK-RELEASE SEATPOST MOUNT**

Be sure that others on the road can see you with one of these great FoxFire lights. They're lightweight and easy to attach using the included seatpost mount. When not needed, simply snap the light off and carry it in your pocket to avoid theft.

*Quick-Release  
Seatpost Mount*
